

12V 80A generator plus inverter

POWER WITHOUT INTERRUPTION: In the event of a grid failure, or when shore or generator power is disconnected, the Victron inverter is activated fast, within 20ms, and takes over ...

The MultiPlus, as the name suggests, is a combined inverter and charger in one elegant package. Its many features include a true sine wave inverter, adaptive charging, hybrid PowerAssist technology, ...

The MultiPlus 12/2000/80-50 is a UL-Certified 12-Volt 2000-Watt ...

The Victron MultiPlus Inverter Charger is a powerful true sine wave inverter. It boasts a sophisticated battery charger that features adaptive charge technology as well as a high-speed AC transfer switch, ...

The MultiPlus 12/2000/80-50 is a UL-Certified 12-Volt 2000-Watt pure sine wave inverter with an adaptive 80A battery charger and a high-speed 50A transfer switch. The inverter's output is 120V AC.

This inverter can take on loads in case of grid, shore, or generator power being disconnected, allowing for operation without disruption even with no grid (less than 20 millisecond transfer). When paired ...

The Victron Energy MultiPlus Compact 12/2000/80-50 120V (UL 458) is a versatile all-in-one power solution that combines a true sine wave inverter, a high-performance adaptive battery charger, and ...

Its many features include a true sine wave inverter, adaptive charging, hybrid PowerAssist technology, plus multiple system integration features. The MultiPlus will prevent overload of a limited AC source, ...

This new 2kw All-In-One inverter combines the functions of an inverter, solar charger, and battery charger, offering uninterrupted power support in a single package.

Its many features include a true sine wave inverter, adaptive charging, hybrid PowerAssist technology, plus multiple system integration features. Unique PowerAssist feature - The MultiPlus will prevent ...

12V 80A generator plus inverter
