

Brand of semi-solid solar container outdoor power

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and versatile applications like mining, construction, events ...

SolaraBox Mobile Solar Container brings green energy wherever you need it. The integrated solar system delivers 400-670 kWh of energy daily. Thanks to foldable solar arrays, the container is ...

A Mobile Solar Container is a self-contained solar power unit housed within a transportable container. Designed for mobility, it offers rapid deployment of renewable energy solutions in remote or ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Our products offer a reliable replacement for diesel generators & diesel reefer containers. Solarators(TM) reduce emissions and allow individuals, businesses, and communities to save significantly on fuel ...

Off-Grid Solar Containers transforms 20-foot shipping containers into complete, turnkey electricity generators--engineered for the places where conventional infrastructure can't reach, and built for ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever.

Discover the world's leading foldable solar container with 40% higher energy density. Solarfold(TM) by Sunmaygo offers quick deployment & 70% lower costs than diesel.
