

Can an old bed be turned into a small storage cabinet

Can you make a loft bed with IKEA furniture?

The basic furniture is well made and practically a blank surface for you to work your magic on. Try an IKEA storage bed hack to transform basic storage cabinets and dressers into a multi-functional lofted bed. It's a smart way to address the problem of having a small bedroom -- you get both a bed and storage in the same footprint.

Can you use a bed base as a storage station?

Beds are one of those things that can take up loads of floor space and leave little room for much else (especially if your room is really small). Our solution? Turn the bed base into a super storage station. Come and see how it's done. This big storage bed is an idea that graduated from our small space challenge (check it out here).

Are built-in cabinets a good choice for bedroom storage?

Built-In Cabinets Built-in cabinets are a smart and stylish solution for bedroom storage. They fit well with your decor and add a polished look to the room. Built-ins can have shelves, drawers, and compartments designed for your needs. This makes them a great choice for anyone wanting to enhance their space.

Are built-in storage beds a good idea?

"Bedroom storage isn't just about hiding clutter--it's about creating a sense of calm," says Barbora Samieian, cofounder and CEO of Sundays, a furniture retailer. "A well-organized space directly impacts how restful the room feels, which is why built-in storage beds are such a game changer."
