

# New Zealand Network Cabinet Constant Temperature and Humidity Energy Management

With their highly efficient refrigeration system and outstanding thermal insulation, ESPEC's constant climate cabinets are ideal for use in laboratories and research facilities.

Our Constant Climate Cabinet (Desk-top Temperature & Humidity Chamber), which supports temperature and humidity tests in laboratories and research rooms using a network.

By doing so, you can control and monitor the cabinet from any computer on the network, using a web browser. You can program test patterns, start and stop the operation without being at ...

Constant climate chambers, KBF / KMF series For long-term stable temperature/humidity simulations in one chamber. The constant climate chambers are ideal for norm-compliant work according to ICH ...

Temperature & climate test chambers from compact to walk-in solutions. Simultech delivers reliable equipment for research, product testing, and compliance.

The constant climate chambers are equipped with proven compressor technology to ensure reliable and failsafe long-term operation. Thanks to the modern inverter cooling unit and the climate-neutral ...

Ideal for reducing the temperature inside an electrical enclosure if the air is oily, dusty or humid. Available in a range of sizes in indoor and outdoor models with mild steel or stainless steel finishes.

Binder Series KBF - Constant climate chambers with large temperature / humidity range KBF 240 240V 9020-0323 9020-0323 Please add to cart & request for quote to see the price Reserve Now

By doing so, you can control and monitor the cabinet from any ...

Constant climate chambers are available in different sizes and with different temperature and humidity ranges. Before purchasing, you need to consider in detail the applications for which you need the unit.

The high-precision control guarantees a homogeneous and stable distribution of temperature and humidity across various parameters. With the new micro-dosing pump and smart control, the interior ...
