

Photovoltaic panel 445wp

Aiko Solar's AK-A445-MAH54Db-BK is a Glass-Glass/All Black N-type ABC solar panel with a capacity of 445 watt-peak. This panel features 2.0mm semi-tempered glass with anti-reflection coating and is ...

Viridian Solar today announces an exciting new addition to its range of Clearline fusion roof-integrated solar panels. The new solar modules are compatible with the existing M10 roofing kits but have a ...

The JA Solar 445 Wp TOPCON solar panel is a state-of-the-art photovoltaic module incorporating TOPCon (Tunneling Oxide Passivated Contact) technology to deliver high performance and ...

Boasting a maximum power output of 445Wp under standard test conditions (STC), this module ensures reliable energy generation. With a maximum power voltage of 31.97V and current of 13.92A, it ...

Up to 445W, 22.3% module efficiency with high density inter connect technology. Reduce installation cost with higher power bin and efficiency. Boost performance in warm weather with low temperature ...

With an output of 445 watt peak and an efficiency of up to 22.8%, this panel achieves exceptionally high performance from a relatively compact size. The 108 half-cut cells in a 6x18 layout provide better ...

Boasting a maximum power output of 445Wp under standard test conditions ...

SEG Solar Inc. Solar Panel Series Zion Series 445-460W BMA-HV. Detailed profile including pictures, certification details and manufacturer PDF.

First of all, the panel delivers a maximum power of 445W with an efficiency of 22.5%. Moreover, the high-density interconnection technology ensures optimal performance even at high temperatures.

Low light performance for energy generation, half-cut cell technology to reduce power loss, bi-facial capturing sunlight from both the front and back of the panel for greater power yield.

With a transparent dual glass design and the latest N-Type i-TOPCon technology, these panels ensure maximum energy yield and long life, even in challenging conditions. Advanced Technology: Thanks ...
