

Portable Data Center Racks for Distributed Energy Systems

Vertiv(TM) PowerDirect Rack is a DC power shelf solution engineered for modern data centers, bringing a resilient, scalable power backbone right into the IT rack, with features that align to ...

With data center energy consumption forecast to exceed 1,000 TWh by 2026, operators must distribute power reliably and cost-effectively to hundreds, or even thousands, of server racks ...

Founded in 2009, SineSunEnergy has been focusing on lithium battery energy storage product development and application, providing leading ...

Discover our Data Centers & Server Room power protection, precision cooling, and IT equipment racks for industrial applications, small businesses, and homes.

Nearly every aspect of the data center can be customized--from rack layout and power configuration to cooling type, flooring, lighting, and security systems. We design each system to meet your specific ...

Whether you need edge computing in remote locations or scalable data capacity in metro areas--our modular systems are ready to adapt. Try our selection tool to find the right fit for your needs.

Designed to work in conjunction with Tripp Lite series and Eaton racks, top-of-rack cooling solutions provide supplemental cooling, ideal for increasing ventilation to rackmount equipment and preventing ...

It uses racks as the datacenter carrier and fully integrates all sub-systems including UPSs, cooling, power distribution, lightning protection, fire control (optional), wiring, airflow management, intelligent ...

We have over 100 patents designed to support industry-leading rack power density, waste-heat energy reclamation and optimization of IT environments. Our solutions deliver consistent operational ...

The RiMatrix Micro Data Center (MDC) portfolio of solutions provides the complete infrastructure: rack enclosure, climate control, power distribution, monitoring & security, and in-rack fire suppression.

Schneider Electric's new line of solutions equips customers with integrated, data-validated, and easily scaled white space solutions that address new challenges in pod and rack ...
