

# Small IP55 Outdoor Enclosure for Oil Refineries

The right outdoor industrial enclosure for oil & gas processing needs to offer simplified maintenance, water and dust-proof environmental seals, and integrated cooling capability.

The enclosures are provided in painted steel for "Indoor" applications, but can be manufactured in aluminium or stainless steel for severe "Outdoor" conditions.

Engineered to meet stringent IP55 standards, these cabinets provide robust protection against dust and water ingress, ensuring the safety and longevity of the equipment housed within.

Perfect for industrial equipment, electrical cabinets, and outdoor installations, our enclosures offer customizable solutions for renewable energy, telecommunications, and more.

New Estap designed outdoor enclosures are rugged, antivandal and suitable for all hard conditions. Perfect, safe solutions for housing valued and important devices.

The "IP55 OUTDOOR" waterproof enclosure is specially designed to meet the need for outdoor installation solutions requiring protection against the most severe environmental conditions (sun, ...
