

# Solar power generation equipment leasing contract

What is a solar lease agreement?

A solar lease agreement is a document you use to lease out solar power and equipment to another party. This template lets you create a residential or commercial solar lease agreement for either the buyer/client or the Power Provider/developer. However, generally, the developer provides it, and it helps ensure financial certainty for both parties.

How does a solar lease work?

**NT OF THE TREASURY Before You Sign a Solar Lease Agreement HOW A SOLAR ENERGY LEASE WORKS** When you lease a solar energy system, a company installs the system on your house and you sign a contract to use the system. Contracts often last 20 years or more. You don't buy the system or own anything installed on your property

How do I choose a solar energy lease?

environmental agency or energy office. Consider how long you expect to stay in your home. For example, if the lease lasts 15 years, but you hope to move in five years, you may want to explore other options, such as community solar programs. A solar energy lease is a binding legal agreement. These leases can be comp
